

## Image Size Information

It is best to export your images in the smallest file format possible while retaining quality. You can also further optimize them using 3rd party tools like <https://tinypng.com/>.

The file types accepted are JPG/JPEG, PNG, and TIFF

The best sizes for each image are as follows:

Products – 500 x 500 pixels

Banners – 1200 x 600 pixels

Logos – 500 x 500 pixels

Favicon - 48 x 48 pixels

Thumbnails for products – 300 x 300 pixels

Category Images – 1140 x 350 px
